On my way back home after being live at the Hamina Clip new product announcement... and wanted to share updated pricing. I posted an update to my Wi-Fi Tools pricing spreadsheet... but some asked where I got the Hamina Clip pricing.

Hamina Clip plus 6-months Hamina Onsite - $990

Hamina Clip plus 12-months Hamina Onsite - $1,180

I used the cost for a full-year to be consistent across the board.
