TOOLBOX

Free, on Five Platforms, With Nothing Tracked

By **Keith Parsons, CWNE #3** · 2026-07-23 · originally on LinkedIn

If you haven't heard about this yet... we have built and offer to the community free of charge, no registration, no cost, no data tracking, no saved files to your device, and across all five platforms! A toolbox for Wireless LAN Professionals, their customers, families and friends.

We ask you to give it a try, and then give feedback to help improve the world's Wi-Fi for all of us.
