Ten Thousand Downloads in Two Months

By **Keith Parsons, CWNE #3** · 2026-07-31 · originally on LinkedIn

Two months ago, I had an idea for an app to help Wireless LAN Professionals do their job better, and to help teach students more about Wi-Fi.

We now have had over 10,000 downloads of this app.

Thanks to all those who have downloaded it, tried it, and given us feedback on this project.
